| • GSB and PCS | Saturday Courses |           | Saturday, December 15, during regular meeting time |
- GSB students enrolled in Business Core courses may have final exams that will deviate from this schedule. Please consult your instructor or the GSB Dean's Office for more information.
  - If your course does not abide by the above listed meeting blocks, yet overlaps with one of them in some way, the final exam may be at the exam time listed above for the overlapping block, or on the same day and time as the class would normally meet. This will be determined in November.
  - Exams for GSB and PCS courses, and *other courses* which start after 5:00 pm (with the exception of those in the Y & Z blocks which are scheduled above), are scheduled during the exam week on their usual day and at their usual meeting time. Students who are enrolled in such courses should note that it is possible to have three exams scheduled for one day.
  - A more detailed final exam schedule will be available in November. Consult the Enrollment Services website prior to exams for room assignments.
