- **INC**=temporary grade given when a course requirement, other than the final exam, has not been met.
- **ABS** =temporary grade granted by the instructor for absence from the final examination, due to extenuating circumstances such as illness or death in the family.

Definition of Terms

• **Attempted Hours:** The number of credits assigned to each course for which the student registered.

• **Earned Hours:** The actual number of credits earned in each course; cumulatively reflects the number of credits successfully completed to date, meaning all classes already passed at Fordham plus any IB/AP/transfer credits awarded, including Pass/Fail courses; does not include courses in which you are currently enrolled.

• **Quality Points:** The numerical value of the earned grade in each course multiplied by the number of credits assigned for each course that was attempted for a regular grade (quality hours).

• **Grade point average:** is a weighted average used to indicate to the student and to the faculty the academic progress of each student. Since each course is added to the accumulated average of all courses pursued, it is a cumulative index and is computed by dividing the quality points by the quality hours.

• A passing grade is a D or better.

• “WF”, or withdrawal failure, is the numerical equivalent of an F and is counted towards GPA hours.

• Courses taken Pass/Fail are not counted towards GPA hours, and are not included in the GPA.
