REMINDER: Fall 2013 Courses

- Most courses are part of the Integrated Business Core Curriculum.
- Cohort Style: You will be with the same group of students in all of your classes; the classes are offered in a group/set.
- **All but ONE of the classes you will be taking are part of the Cohort.** You will **get to choose ONE** class from a list of my recommendations.
- The group of students in your class will be broken into teams; you will work with your team on your Integrated Project.
 - Team of 4-5 students.
 - Team serves as a consulting firm presenting analysis and recommendations to the top management team of a Fortune 500 company!

REMINDER: Fall 2013 Courses

- Integrated Project Class: 1 credit, meets the full Fall 2013 semester. You will work in your team on the Integrated Project, incorporating coursework from all Fall 2013 courses.
- Full semester classes (3 or 4 credits): Principles of Financial Accounting (ACBU 2222), Marketing Principles (MKBU 3225), and the class of your choice.
- Half classes (1.5 credits): Business Communications (CMBU 2664), Principles of Management (MGBU 3222), Strategy (MGBU 4440), and Information Systems (INSY 2299). Take other half of class either Fall junior or Fall senior year.
 - These 1.5 credit classes will each be offered 1 day each week for the entire semester.
 - Half of your cohort will be in one Business Communications class, the other half will be in a different Business Communications class.
- You ALL must take ALL of these courses, no exceptions.
- **EACH GROUP/SET OF CLASSES WILL HAVE ONE OF EACH OF THE ABOVE CLASSES.**

REMINDER: Example of Group/Set

Register ONLY for this 1 CRN; you will automatically be registered for all of the others in this set/group

There are TWO Business Communications classes listed; you will only take ONE of them. You will be placed in one of the two based on your IP team.

- You will register for the CRN for the Integrated Project.
 - At a later time, WE will register you for the other classes listed in this set and will assign you to a Integrated Project Team.
 - We will choose ONE of the Business Communications sections for you based upon the team to which you have been assigned.
- You will register for ONE class of your choice; it will be YOUR RESPONSIBILITY to ensure it doesn't conflict with the rest of the classes in your cohort, the system won't show a time conflict.

REMINDER: Registration for Fall 2013

- ONE class will be your cohort IP. This class will indicate the group/set of classes you want and into which you will be placed. By picking this one class, you are picking all of the other cohort classes - they are offered as a group/set.
 - If the group/set/cohort of classes that you want is full, you must pick another one for which you will register. **Keep trying until you get into an INTEGRATED PROJECT (IP) class.**
 - Do NOT register for more than one cohort. If you do, we will select one at random to determine your cohort.
 - There will likely be 14 cohorts; specific information (dates/times) will be emailed to you, likely after Spring Break.
 - Please note: Professors associated with courses are **SUBJECT TO CHANGE until the semester begins.**
 - **You will NOT be able to DROP/ADD.** Once you are in a cohort, no changes will be permitted. Absolutely no drop/add from the cohort will be allowed after classes start.
 - After you register for the IP, it will look like you are only registered for one 1-credit course. Within a few months, we will do the rest - you will automatically be registered for the other cohort courses EXCEPT for Business Comm.
 - Each cohort has TWO BUSINESS COMMUNICATIONS (CMBU 2664) TIME OPTIONS.
 - You will be placed in ONE of these times after registration. You will not pick this time-it will be picked for you.
 - You will likely be registered for this class sometime in late August. This is because your assignment to this class is directly tied to your team assignment. Teams cannot be finalized until late summer, so neither can Bus Comm.
- The OTHER class should be from the list of classes I recommend. It is YOUR RESPONSIBILITY to ensure it doesn't conflict with the classes in your cohort, **the system won't show a time conflict.**
- On Monday morning after registration, a **HOLD** will be placed on your account to enable us to register you for the rest of your Fall 2013 courses. **Therefore, you MUST register before that time in order to select your set/group (and, if you have already taken statistics, to select your final course).**

REMINDER: Registration for Fall 2013: EXCEPTIONS

- VARSITY ATHLETES: You will be registered for a set/group of classes that does not conflict with your athletic obligations; you do not need to register yourself for the cohort classes. You will be put into this cohort by the time it is your registration date.
 - You will also be registered for either Stats 1 or Stats Decision Making.
 - If you want to take another course (Calculus, Foreign Language, etc.) in lieu of Stats or Stats Decision Making, you must notify me by 3/21/13.

REMINDER: Registration for Fall 2013: YOUR CHOICE CLASS

- Statistics (ECON 2140) – You **MUST** take this if you haven't already by Fall 2013

ONLY if you have already taken ECON 2140, you can take:

- Statistical Decision Making (ECON/MGBU 2142)
- Foreign Language
- Math for Business: Calculus or Finite Math (if you were in Pre-Calculus Fall 2012 ONLY)
- Composition I or II (Students who took ESL in Fall 2012 ONLY)

You may not take anything else without my prior permission. **You must register for this class prior to April hold date (Monday after registration).**

Registration for Fall 2013: YOUR CHOICE CLASS

When you receive information about cohorts (sometime after Spring Break), you will see that a Statistics 1 and a Statistical Decision Making class are paired with each cohort.

- If you are required to take Statistics 1 in Fall 2013, you must register for the Statistics 1 class paired with the cohort. You will register for two classes: the 1-credit IP and the Stats I paired with that cohort. We will register you for the other classes in that cohort.
- If you are taking Stats Decision Making in Fall 2013, you must register for the Stats Decision Making class paired with the cohort. You will register for two classes: the 1-credit IP and the Stats Decision Making paired with that cohort. We will register you for the other classes in that cohort.
- If you are taking any other course (Calculus, Foreign Language, Composition I/II), you must select a section that is at the SAME TIME or AS CLOSE AS POSSIBLE to the time of the Stats I/Stats Decision Making class paired with the cohort you have selected. THIS IS A REQUIREMENT. See me BEFORE registration if you can't find a section at the same time as the Stats I/Stats Decision Making class paired with the cohorts you are considering. Keep in mind – you will need a class option for your 1st choice cohort, as well as for the back-ups you need to have.

Why is this a requirement? We need to ensure that all team members' schedules are similar to provide adequate meeting time for team deliverables.
