

Gabelli School of Business

Boardroom Series

WHAT:

Through the Boardroom Series, Gabelli School of Business students spend 60 valuable minutes right here on campus with accomplished businessmen and businesswomen. Take your seat around a Hughes Hall conference table to:

- meet and get to know an experienced professional
- network and gather career advice
- learn more about a specific niche within the business world

WHO:

Boardroom Series events are open to all Gabelli School of Business students, but participants are chosen through an application process. A new round of applications and selections is held for each event.

WHEN & WHERE:

All Boardroom events are held on campus, almost always in Hughes Hall. (There will be some exceptions, due to space needs and limitations.) A few weeks before each Boardroom event, a notice will be posted on GabelliConnect (www.gabelliconnect.com) introducing the visiting speaker and giving information about his or her background. Students who want to attend will submit an application through GabelliConnect, and a small group (usually about 10) will be chosen for the Boardroom Series meeting.

Students are encouraged to watch GabelliConnect for updates throughout the academic year. Executives who are interested in being Boardroom hosts should contact Angela Giovine, event coordinator, at agiovine@limeevents.net.
