OFFICE OF CAREER SERVICES

Dear Fall 2013 Accounting & Finance Career and Internship Fair Participants,

The Office of Career Services welcomes you to the 2013 Accounting & Finance Career and Internship Fair. As a university, Fordham affirms the value of a core curriculum rooted in the liberal arts and sciences. Since its inception, the University's keepers of the curriculum have kept an ever-present eye on how life, in and outside of the classroom, has come together, merging the academic arenas of higher education with the transformative realities of an ever-evolving 21st century world of work.

As a Jesuit university, we believe that education is equal parts action and reflection, theory and practice where experience sits at the epicenter of a Fordham education. In the spirit of the Jesuit traditions of care, challenge, awakenings, and transformations, all undergraduates participate in an eight semester non-linear career planning and professional development program focused on career awareness, career preparation, and career presentation. Fordham Futures sits at the crossroads of academic learning and professional life where every student's education inspires and celebrates the liberal arts of listening, thinking, speaking, writing, reading, reflecting, measuring, calculating, estimating, and dreaming.

Every two or three minutes the message board outside of the McGinley Center flashes "Aware, Prepare, Present," serving as a reminder that life inside and outside of the classroom come together everyday at our great University. Today's Career Fair takes place in the world's capital of business and finance, communications and the arts, science, scholarship and medicine, and international politics. As a student you have discovered that New York is your campus, while never losing sight of the fact that Fordham is your home, your school. Something remarkable happens when you put a Jesuit University and New York City together. Enjoy a day filled with awareness, preparation, and presentation.

Best Regards,

Bernie Stratford
