

PwC's 2014 Elevate Program

Program Description:

PwC's Elevate programs will provide you with an opportunity to experience the challenges, excitement, and camaraderie of life at PwC. As a participant you will work alongside your peers to learn actively about yourself, the accounting profession, and our Firm. Elevate is designed to provide you with valuable tools for building your road map to the business world and further grow your own personal brand. You will engage in learning activities alongside PwC professionals, from associate to partner and principal, across our different lines of service. Elevate is an excellent opportunity for you to reaffirm your career objectives and become better acquainted with PwC. Individuals participating in Elevate may also have the opportunity to be considered for additional opportunities with the Firm.

During the summer PwC will host the following Elevate programs:

- National Elevate Program
- Market Elevate Programs(locations vary based on market)

More information on the dates and locations of PwC's Elevate programs can be found at:
<http://www.pwc.com/us/en/careers/campus/programs-events/elevate.jhtml>

Note that students who have completed an application will initially be considered for both the national and market programs. During the on-campus interview process, the recruiter will discuss with you which program may be more appropriate, based upon your qualifications and summer schedule.
