Integrated Core Curriculum

- All courses are part of the Integrated Business Core Curriculum.
- Cohort Style: You will be with the same group of students in all of your classes; the classes are offered in a group/set/cohort.
- The group of students in your class will be broken into teams; you will work with your team on your Integrated Project.
 - Team of 4-6 students.
 - Team serves as a consulting firm presenting analysis and recommendations to the top management team of a Fortune 500 company!
- Experience is unique to Fordham – **learn more in this [video](#)**
- This Cohort Style experience will occur in fall and spring of your sophomore year.
 - Unless you do not complete all requirements for sophomore year by the fall, in which case you will take the cohorts in spring sophomore and fall junior year.

Fall 2015 Courses

- **All of the classes you will be taking are part of the Cohort.** You will not be choosing any courses in addition to the Cohort courses in Fall 2015. In Spring 2016, you will get to choose ONE class in addition to the Cohort courses.
- You will take the following courses in Fall 2015 as part of the Integrated Core Cohort:
 - Integrated Project Class: 1 credit, meets the full fall semester. You will work in your team on the Integrated Project, incorporating coursework from all fall courses.
 - Full semester classes (3 credits): Principles of Financial Accounting (ACBU 2222), Marketing Principles (MKBU 3225), and Statistical Decision Making (MGBU 2142).
 - Half classes (1.5 credits): Business Communications (CMBU 2664), Principles of Management (MGBU 3222), Strategy (MGBU 4440), and Information Systems (INSY 2299). Take other half of class in spring sophomore year with the second Integrated Core Cohort.
 - These 1.5 credit classes will each be offered 1 day each week for the entire semester.
 - Your cohort will be divided into two groups for Business Communications and Statistical Decision Making. The different Business Communications courses will be at different times; the different Statistical Decision Making courses will be at the same time (except for SOME varsity athletes).
 - You will not get to select the time for the Business Communications class; registration is made by faculty based on team assignments. It will be one of the two times listed with the Cohort you select.
- You ALL must take ALL of these courses.
- **EACH COHORT/GROUP/SET OF CLASSES WILL HAVE ONE OF EACH OF THE ABOVE CLASSES.**

Example of Cohort

Register **ONLY** for this 1 CRN; you will automatically be registered for all of the others in this set/group

There are **TWO** Business Comm. classes listed at different times; you will take **ONE** of them. You will be placed in one of the two based on your IP team in late August.

Professors Subject to Change

	MGBU-2142-R15	STATISTICAL DECISION MAKING	3.00	Gonzaga, Aloysius	TF	10:00AM - 11:15AM

- You will **ONLY** register for the CRN of the Integrated Project. You will not register for any other CRNs.
- At a later time, **WE** will register you for the other classes listed in this cohort and will assign you to a Integrated Project Team.
- We will assign you to just **ONE** of the Business Communications sections for you based upon the team to which you have been assigned (in late August) and **ONE** of the Statistical Decision Making sections at random.

There are **TWO** Statistical Decision Making classes listed at the same time; you will only take **ONE** of them. You will be assigned to one of the two at random.

Registration for Fall 2015

- Different from Spring 2015; for Fall 2015, you will register yourself for ONE class.
 - The class you register for will be your Cohort IP. This class will indicate the Cohort of classes you want and into which you will be placed. By picking this one class, you are picking all of the other cohort classes, since they are offered as a group/set.
 - If the Cohort of classes you want is full, you must pick another one for which you will register; like prior registration, if a class is full, you need to find another section. **Keep trying until you get into an INTEGRATED PROJECT class.**
 - Do NOT register for more than one Cohort. If you do, we will select one at random & drop the other(s).
 - There will likely be 14 cohorts; specific information (dates/times) will be emailed to you, likely in mid/late March.
 - Please note: Any professors associated with courses are **SUBJECT TO CHANGE until the semester begins.**
 - **You will NOT be able to DROP/ADD.** Once you are in a Cohort, no changes will be permitted after registration day. Absolutely no drop/add will be allowed after classes start.
 - Soon after registration, **courses will close and you won't be able to make changes to your course selection;** this will enable us to register you for the rest of your Fall 2015 courses associated with the Cohort you chose. **Therefore, you MUST register by that time in order to select your cohort.**
 - **WHEN YOU REGISTER PLEASE ONLY USE ONE BROWSER! The more log-ins that are open, the more likely that the system will crash.**

After Registration for Fall 2015

- After you register for the Integrated Project, it will look like you are only registered for one 1-credit course. Within a few months, we will do the rest; you will automatically be registered for your other courses by mid-summer (including random selection of one Statistical Decision Making section that is part of your Cohort), with one exception.
 - The EXCEPTION is Business Communications. You will notice that each COHORT has TWO BUSINESS COMMUNICATIONS (CMBU 2664) SECTIONS at DIFFERENT TIMES.
 - You will be placed in ONE of these times after registration. You will not pick this time-it will be picked for you.
 - You will likely be registered for this class sometime in late August because your assignment to this class is tied to your team assignment. Teams cannot be finalized until late summer, so neither can Bus Comm.

Registration for Fall 2015: EXCEPTIONS

- **VARSIY ATHLETES**: You will be registered for a cohort of classes that does not conflict with your athletic obligations in consultation with the Athletic Advisors; you do not need to register yourself for the cohort classes. You will be registered for this cohort by me by the time it is your registration date. You will not need to register yourself.
- **GBHP STUDENTS**: You are not required to take Statistical Decision Making (SDM). You will register for TWO CRNs: the Cohort and ONE class of your choice.
 - The class of your choice MUST be at the same time as the SDM associated with the Cohort you select (you will have to pick a Cohort that has an SDM at the same time as your choice class).
 - Consult with me or Dean Dunn re: your choice.
 - Any registration that does not follow these guidelines will be removed from your account.
- A small number of you are **currently enrolled in Statistical Decision Making** (SDM). If so, you will register for TWO CRNs: the Cohort and ONE class of your choice.
 - You must have already received permission from me.
 - The class of your choice MUST be at the same time as the SDM associated with the Cohort you select (you will have to pick a Cohort that has an SDM at the same time as your choice class).
 - Email me prior to registration to confirm your registration plans with me; email me after registration to confirm you registered properly.
 - Any registration that does not follow these guidelines will be removed from your account.

Incomplete Requirements

- Some of you have not completed the 7 required classes prior to Sophomore Year.
 - If you plan to complete the remaining required classes this summer, register for a Cohort. The Sophomore Dean will check your summer courses prior to the start of fall and remove you from the Cohort if you do not complete the requirements. If you are taking summer classes at a school other than Fordham, be sure to send your official transcript ASAP.
 - If you do not plan to complete the remaining required classes this summer, do not register for the Cohort. Make an appointment to speak with me to plan your coursework.
 - If you took Pre-Calculus in Fall 2014, we encourage you to take Calculus/Finite (whatever you are missing) in Summer 2015, but you have the option of not taking it this summer, and taking it with your Spring 2016 Cohort at the LATEST. You do not need my permission to do this. You can only do this if you took Pre-Calculus in Fall 2014. Register for a Cohort.
 - If you took ESL in Fall 2014, we encourage you to take Composition 1/2 (whatever class you are eligible to take) in Summer 2015, but you have the option of not taking it this summer, and taking it with your Spring 2016 Cohort at the LATEST. You do not need my permission to do this. You can only do this if you took ESL in Fall 2014. Register for a Cohort.

Registration Holds

- Do not forget to continuously **check your account before registration to ensure there is no hold on your account preventing registration. If you find a hold, please clear it by registration!**
- If you do not have a hold, but do not register for classes on registration day, you may not be able to select your Cohort and it may be chosen for you based on availability.

Registration Dates

- To Be Announced
 - Usually late March / early April

What Happens if I Don't Get a Cohort?

- A small number of you may not be able to select a cohort before they all fill up.
 - **Don't worry!**
 - **Email Me.**
 - **Be Patient!**
 - **Be Flexible!**
 - Space will become available throughout the Spring and over the Summer.
 - Although you won't get placed into a cohort right away, you **WILL** be placed by the start of the school year.
 - Preferences may not be able to be accommodated, so you will need to be open to what is available, just like regular registration.

Computer Needs for 2015-2016

- You will each need a laptop or netbook with the Microsoft Access program.
- See the Technology Policy emailed to you this summer (in January to new students) and available on my advising page on GabelliConnect.com
- This is **REQUIRED**.

Who **MUST** take summer courses?

- Must fulfill following requirements prior to sophomore core curriculum in fall:
 - Ground Floor
 - Composition II
 - Exception: assigned ESL or Comp I by IALC for Spring 2015 are strongly recommended, but not required, to take in Summer
 - If you do not take in summer, **MUST TAKE** Spring 2016
 - Macroeconomics
 - Microeconomics
 - Math for Business: Finite
 - Exception: assigned Pre-Calculus for Fall 2014 are strongly recommended, but not required, to take Calc/Finite in Summer
 - If you do not take in summer, **MUST TAKE** Spring 2016
 - Math for Business: Calculus
 - Exception: assigned Pre-Calculus for Fall 2014 are strongly recommended, but not required, to take Calc/Finite in Summer
 - If you do not take in summer, **MUST TAKE** Spring 2016
 - Statistics I (ECON 2140)
- If you have completed the 7 required courses, but you dropped a different class and don't have other credits (AP, for example) to make up the drop, you must take a summer class, but it can be in a later summer (recommend this summer for future internships).
- **Reminder:** no Business Core classes permitted in summer because the Integrated Business Core Curriculum will be the signature value-add from Gabelli to your college education.

Summer Session at Fordham

- Information re: classes, fees, registration at:

www.fordham.edu/summer

- summerschool@fordham.edu
 - 718-817-4665
 - 315 Keating Hall
 - ONLINE CLASS SELECTION STARTS IN MARCH or APRIL
- Housing information:
 - Commuters and Residents sign up through Residential Life later in Spring
 - RH or LC housing available, first come, first served
 - Meet with me regarding fulfilling requirements, etc.
 - If you are taking a core liberal art requirement, foreign language, or upper level Econ/Math for a minor, you do not need my prior permission
 - If you are taking anything else, you do need my permission – schedule an appointment to meet with me

New Fordham Summer Opportunity!

- Students can now take online classes through Fordham University Summer Session only
- Dates: May 26 – August 4 (entire time)
- Cost is the same as a course on campus
- Course options include:
 - Statistics I
 - Texts and Contexts: American Journeys
 - Understanding Historical Change: American History
 - Philosophical Ethics
 - Writing for Online Media
 - Introduction to Sociology
- Courses would satisfy core requirements
- Cannot register yourself; must meet with me for permission

Summer Courses at other Schools

- Find a class at a four year college or university. No community college classes or online classes will be accepted.
- Ensure the class meets for at least 37.5 total hours (be sure to account for holidays, etc.).
- Check that it is a class that is offered at Fordham University; you will only get credit for a class that would be also taught at Fordham.
- Print out the information for the class from the official website. This information should include:
 - Course description
 - Course meeting days/times
 - Term dates of course
 - Proof it is offered at a four year college or university
- Bring this information to a meeting with me (schedule on Gabelli Access) for my review.
- If I approve the course, bring the information to the relevant academic department for their approval.
- If they also approve the course, bring the signed approval form with the other course information and leave in my mailbox on the 4th floor of Hughes Hall.
- Register for the course.
- Pass the course with a grade of C or better.
- Send the academic transcript to the GSB Sophomore Dean, Hanaa Fawzy. The credits will be posted on your academic transcript and the grade will be listed, but not factored into your GPA.

Freshman Advising Calendar

- Included in your handout provided at orientation, on your detail academic schedule, and at the first large group meeting
- Look at your schedule to determine your section
- Remaining Sessions, all at 1-2:15pm in Keating 1st Auditorium:

Spring Advising Sessions:

Third Spring Advising Session: Thursday, 3/5

Fourth Spring Advising Session: Thursday, 3/26
